

Med Quik Cares

Mission Statement: To save human lives in zero electrical energy environments. The Med Quik Card® provides all pertinent personal medical data experts would need to sustain life immediately under austere conditions. It is our right-to-life communicator that represents the conscious as well as the unconscious victim.

Company: Med Quik Cares is a veteran owned small business founded in 2000. The primary goal of Med Quik Cares is to provide the consumer with an educational tool in regards to their health, organ/tissue donation and homeland security readiness. We look boldly into the future to combine electronic databases with our current format.

Key Personnel: **William Rees, President:** Director of Sales for Merchant Data Service, Inc. from 1997 to present. Well versed in Human Resources and Mortgage Consultation. Has successfully owned and operated personal businesses. Current assigned responsibilities include President, Med Quik Cares. Highly decorated Vietnam War Veteran.

Colleen P. Morris: Over 10 years experience with the parent company, Merchant Data Service, Inc., as our Business Administrator.

Key Product: The Med Quik Card®, is a self contained medical information card with the capability to present medical specialists with instant, critical data they would need to treat an urgent care patient in a nonelectrical environment. Our product further provides personal data that law enforcement and related experts can rapidly locate for strategic decisions, all within a single document. This also gives the carrier the opportunity to state their organ/tissue donation preferences.
